

original[®] **Finit-Easy**

No corner is safe for this inner corner grinder

One of the biggest issues in the world of abrasives is accessibility. The Finit-Easy solves the issue by giving you the freedom of movement that you need to achieve a professional finish in hard-to-reach places or corners. Finishing inside corners and removing welds is child's play thanks to the innovative extension arm of this inner corner grinder. The application area is very wide, and is suitable for light finishing work to heavier machining. Ideal in combination with the Rebel One unitized, 3D abrasive material that always ensures a uniform finish, which means it can be completely used up.

FINIT-EASY

<i>code</i>	<i>voltage</i>	<i>power</i>	<i>RPM</i>
SMFEFA	220 V	1700 W	1,000 - 4,300
SMFEFB	110 V	1700 W	1,000 - 4,300
SMFEBA	220 V	1700 W	1,000 - 4,300
SMFEBB	110 V	1700 W	1,000 - 4,300

OPTIMAL ACCESSIBILITY

The adjustable protective cover and compact end ensure optimum accessibility. At 25 mm, this is the narrowest arm on the market; even sharp 30° inside corners can be finished.

MULTI-UTILISATION

Smart stainless steel flanges ensure effortless installation of all types of discs with different shaft diameters and thicknesses.

STAINLESS STEEL-SAFE

The machine is completely stainless steel safe, which means there will be no contamination if a part makes contact with the stainless steel work piece.

MAXIMUM PRODUCTIVITY

Maximum productivity thanks to the powerful 1700-Watt motor and robust planetary gear. Power is transmitted by an almost indestructible multi V-belt.

SMOOTH OPERATION

The direct connection of the arm to the drive motor is unique. This results in smooth, comfortable operation.
